

Meet Microsoft Surface Pro 8

The most powerful Pro

Delivering unprecedented levels of performance on a 13" screen, **Surface Pro 8** combines the power of a laptop with the flexibility of a tablet and every angle in between with the iconic Kickstand. Now you can work however and wherever you choose with built-in Surface Slim Pen 2 storage and charging¹ in the detachable Keyboard,* optional LTE,² and Microsoft security enabled out of the box.

Expect more from your computer

Employees are more flexible than ever. So is **Surface Pro 8**. Write in laptop mode, present with multiple screens in desktop mode, or sign a contract on screen in tablet mode with the feeling of pen on paper.³ **Surface Pro 8** is built to adapt.

Our most powerful Pro

Power for the toughest tasks you could throw at any Pro. Double digit performance increases and 11th Gen Intel® Core™ processors mean **Surface Pro 8** will handle it all whether you're handwriting notes on screen, multitasking while on a video call, or crushing a spreadsheet – all in an ultra-versatile package.

Work more securely, on your terms

Whether you need to physically disable cameras or just want to better secure all aspects of your corporate endpoints, **Surface Enterprise Management Mode (SEMM)** provides a scalable deployable utility to meet this need. Administrators can selectively choose to enable or disable hardware-based components, in addition to boot options, on a per-device basis—all secured via PKI.

Equipped for government use

Protect your device with the **Kensington BlackBelt Rugged Case*** with Integrated CAC Reader, and military-grade drop protection or the **IOGEAR Smart Card Reader Hub for Surface***. These FIPS 201-compliant smart card readers provide a highly secure connection to your network.

*Sold separately. Software license required for some features.
